

Modern Cloud Platform for Growing Field Service Organizations

What is your **technology blueprint**?

Today's Disconnected Field Service Organization

Results in

-  Duplicate data entry
-  Incorrect information
-  Information not shared across departments
-  Multiple software products to learn and update, etc.
-  Increasing maintenance cost for outdated systems

The Connected Field Service Organization

Benefits

-  Instant update across all systems
-  Single version of the truth
-  Improved productivity of users
-  Fewer systems to maintain
-  Mobile workforce

Customer Examples – Moving to a Cloud Platform

- Patient Monitoring Equipment
- Medical Surgical Equipment
- Diagnostic Imaging
 - Cath/Angio
 - CT Systems
 - Nuclear Cameras
- Ultrasound Equipment
- Back-Up Battery Equipment

Components of an Effective Technology Blueprint

Modern Technology
All in One
End to End
Solution

Built for Field
Service
Organizations

Scalability: Involve
Everyone

Minimal
Spreadsheets
and Separate
Silo's of Data

Systems that
are easy to use
and adopt

Acumatica ERP: Modern Platform for Growth

100% **Browser** enabled ...

... **centrally** managed and accessible from **anywhere**

Connecting your back office staff to your field staff
