

Ascentis Time & Attendance

A-La-Carte full suite human capital management technology

Manage all time-related functions from one location with Ascentis Time and Attendance. This highly configurable, comprehensive solution for timekeeping has an easy to use interface and the ability to go entirely paperless.

Leave Management and FMLA

Automate leave accruals with Ascentis Time and Attendance. Support an unlimited number of leave events and monitor each one in real-time. Simplify the FMLA process for your company with configurable workflows and notifications.

Compliance

Keep up to date with changes governing time tracking, leave and pay. Ascentis Time and Attendance simplifies the management of overtime, meals, rest periods and expenses to avoid wage and hour disputes.

Scheduling

Easily create and edit schedules for any situation with enhanced, logic-driven options.

Data Collection

Meet any facility need including biometric, badge, mobile apps, web portals, scanners and phone-in. Integrations allow easy data delivery from source to system in real-time.

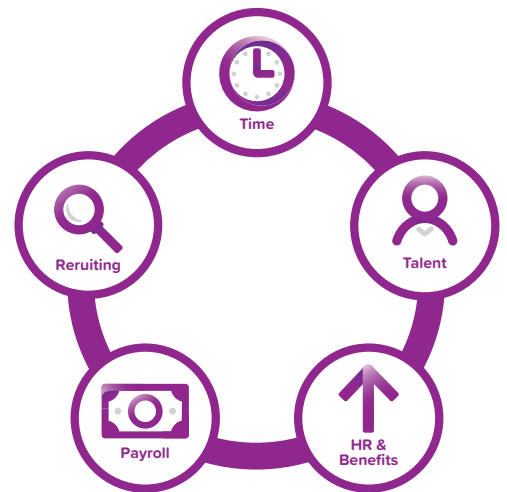

Notifications

Receive real-time texts or emails when employees are tardy, approach over-time or other exceptions your managers want to track.

Certification

Committed to security, risk management, and compliance, Ascentis Time and Attendance has been application security certified by Plynt Application Security Certification since 2008.

A-la-carte Full Suite Software

Start Anywhere. Add Anytime. Ascentis' industry-leading a-la-carte full suite human capital management (HCM) technology platform and workforce management solutions are supported by an ongoing commitment to delivering an unsurpassed client experience. Ascentis' technology modules work independently or together to meet the needs of each client, wherever they are in the HCM journey.
