

UNIFIED DECISION INTELLIGENCE

Connect Data. Build Your AI Agents.

Start with the business outcome that matters now. Scale on the same connected, governed platform.

— TRUSTED BY 1,500 + ORGANIZATIONS • DECISION INTELLIGENCE SINCE 2017

START WHERE VALUE IS CLEAREST

Three entry points. One connected platform.

Is your data not ready for AI?

→ Start with the Data & AI Foundation.

- **Connect**
Unify ERP, WMS and spreadsheets
- **Contextualize**
Business semantics on top
- **Govern**
Lineage, access and quality
- **Trust**
Traceable answers, no black box

CIO / CDO / DATA

Need to build and scale AI workflows?

→ Start with the Agentic Platform.

- **Configure**
Agents shaped to your workflows
- **Orchestrate**
Coordinate work across systems
- **Govern**
Authority, approvals and audit
- **Scale**
From one agent to many

AI / DIGITAL TRANSFORMATION

Need to solve a business problem now?

→ Start with a ready-to-use AI Agent.

- **Demand Planning**
Forecast with fewer surprises
- **Supply Planning**
Balance supply against demand
- **Inventory**
Right stock in the right place
- **Procurement**
Buy earlier, buy smarter

SUPPLY CHAIN / OPERATIONS

Data & AI Foundation

Decision Intelligence

Agentic Workflows

AI Agents

GOVERNED BY DESIGN Permissions • Approvals • Authority • Traceability • Audit

TRUSTED ACROSS MANUFACTURING, DISTRIBUTION AND RETAIL

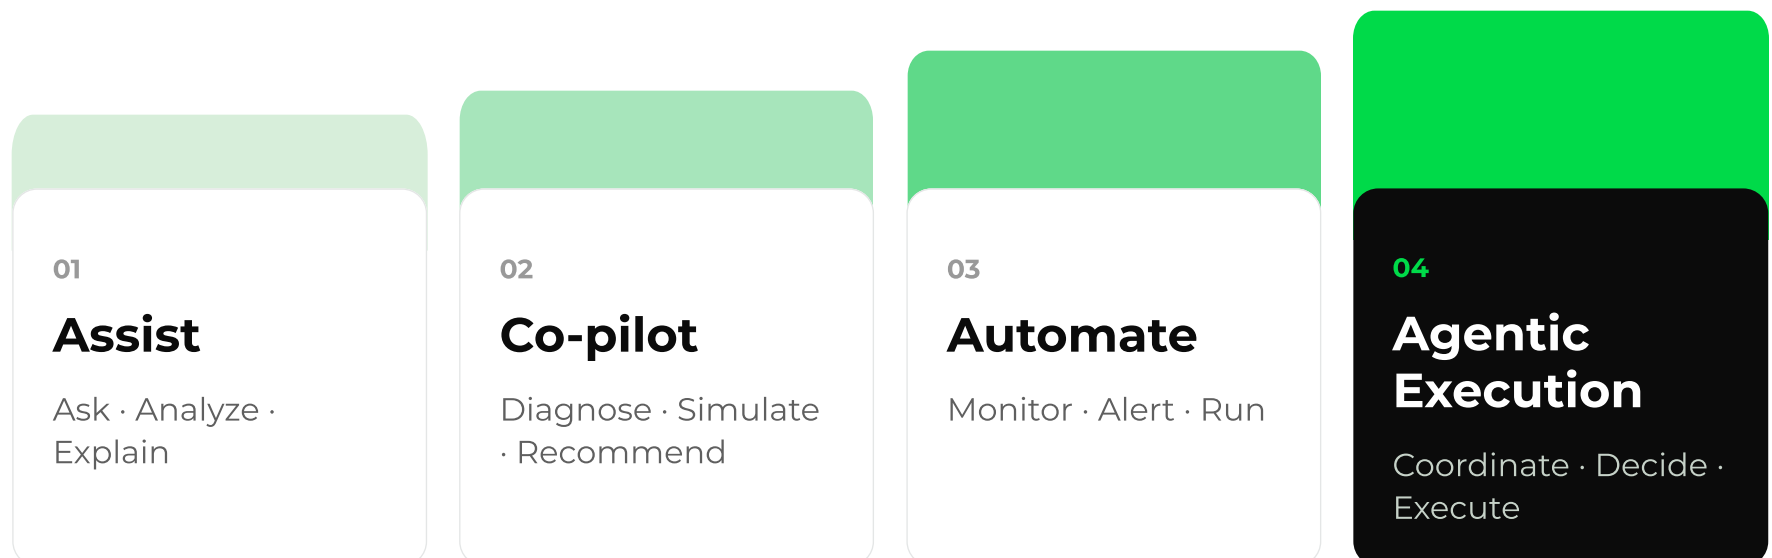

From AI Assistance to Agentic Execution.

Scale the role AI plays as trust and business readiness grow.

SCALE AUTONOMY AT YOUR PACE

———— A clear path from assistance to execution.

WHAT CHANGES FOR THE ENTERPRISE

The value isn't more AI. It's a different way of running the business.

Reports → Continuous Decisions

AI Pilots → Coordinated AI Workforce

THE END STATE

Human-governed. Agent-executed.

One governed platform connecting context, decisions and action.
